

REMARKS

Reconsideration is respectfully requested. Claims 17, 21 and 22 are pending.

Entry of the prior response after final is requested. With entry of that amendment, claims 17, 21 and 22 are pending. The advisory action omits listing claims 21 and 22 as being present with the entry of the amendment.

The Examiner states in the advisory action that claims 21 and 22 represent new matter, because the applicant now claims the method of playing a space game, which is considered new matter.

Applicant respectfully traverses. The concept of a method of playing a space game is present in the specification and drawings as filed.

The above, taken with the arguments presented in the amendment after final, are respectfully believed to illustrate that the claims are allowable.

In light of the above, this application is believed in condition for allowance and notice thereof is respectfully solicited. The Examiner is asked to contact applicant's attorney at 503-224-0115 if there are any questions.
